Upwork: Upwork/ManviMishra

Skills

- **Languages**: C, C++, JavaScript ,MySQL ,Python(basic)
- **Frameworks**: HTML, CSS, NodeJS, ReactJS, Unity
- **Tools/Platforms**: VS Code, Git, GitHub
- **Soft Skills**: Collaborative Mindset, Adaptability, Leadership, Responsibility, Ownership, Public Speaking
- **Core Concepts**: DSA, OOPs, Problem Solving, Anomaly Detection, Model evaluation

Project

SAR Risk Detection System – AI-Powered Fraud Analysis (Team Project) || GitHub

- Built and trained machine learning models using XGBoost to detect suspicious financial activities and generate risk-based alerts from transaction data.
- Developed both frontend and backend components, enabling seamless data flow, case generation, and visualization of audit trails with explainable risk factors.

Tech: Python, XGBoost, Machine Learning, Data Preprocessing, Backend Development,React Js.

VR Phobia Simulation – Immersive Exposure Therapy (Team Project) | GitHub

- Built the **complete VR environment in Unity**, designing scenes and integrating 3D assets to simulate phobia scenarios.
- Implemented **navigation, interactions, lighting, and trigger-based events** for an immersive exposure experience..

Tech: Unity, C# (basic), VR Interaction Setup, 3D Assets, Scene Design.

Crowd Detection & Management System | GitHub

- Built a real-time system to count people in a frame and trigger alerts when limits are exceeded.
- Implemented object detection and tracking for automated crowd monitoring.
- Created a simple **frontend interface** for displaying live feed, alerts, and count status.
- **Tech:** Python, OpenCV, YOLO/ CVlib, HTML, CSS, JavaScript.

Experience

Freelancer – UI/UX & Frontend (Upwork) | ***(Earned $100+; seeking tech roles)*** |Upwork/ManviMishra

- Delivered responsive, **user-centric UI/UX** and frontend solutions while managing end-to-end client communication, ensuring high satisfaction and **repeat engagements**.
- **Graphic Designer – Algobyte Club | Banasthali |** ***(AUG 2024-Current)*** |ID Image
- Designing event posters, banners, and digital creatives for tech and campus initiatives.

Social Media Designer – Thehrav Club | Banasthali | ***(AUG 2025-Current)***| ID Image

- Creating social media graphics, promotional visuals, and themed content.

Design Intern – Inamingos | (JUNE 2025-Online) | LOR & Certificate

- Assisted in poster design, layouts, and digital brand assets for campaigns and client projects.
- Contributed to **fundraising efforts** and received a **Letter of Recommendation** for outstanding performance.

Achievements

- **Selected Participant – Hack-O-Hire Barclays-** National-Level Hackathon, selected via prototype submission.
- **2nd Runner-Up – HackCelestia -** National-Level Hackathon, Banasthali Vidyapith
  Secured 2nd runner-up position for developing and presenting an innovative tech solution.
- **Winner – B-Plan Competition-**Startup India & MeitY Startup Hub, Banasthali Vidyapith
  Awarded 1st place for an innovative startup concept and pitch.
- **Runner-Up – Startup Nexas**, Mayukh Tech Fest, Banasthali Vidyapith
  Recognised for a strong business pitch and presentation.
- **Top 10 in Hack With Rajasthan**, among 250+ teams
  Secured top ranks for developing an impactful tech solution.
- **Top 45 – Internal Smart India Hackathon,** among 450+ teams
  Shortlisted for problem-solving, prototype design, and teamwork and eligible for national SIH.
- **Selected Attendee – 17th IHCI Conference, Jaipur**
  Invited to attend sessions and interact with researchers, delegates, and industry experts on HCI trends.

Extra Curriculars

- **Advanced Painting & Sketching-**run an Instagram art account showcasing digital and traditional artworks.
- **German Language**, A1 level certified; currently pursuing a Diploma in German
- **Public Speaking: Selected Twice for Debate Workshop**, Youth Fest.
- **Active Participation in Startup, Innovation & Tech Events across** *campus (hackathons, pitch competitions, workshops).*

Education

- **Banasthali Vidyapith** — Rajasthan,India
  Bachelor of Technology - Computer Science and Engineering(2024-2028); ***CGPA:9.0*** — *(2024-2028)*
- **Aatmdeep Vidyalaya** — Uttar Pradesh, India
  Intermediate: **Percentage:86%** — *April 2022 - March 2023*
- **Little Flower School** — Uttar Pradesh, India
  Matriculation; **Percentage:95%** — *April 2020 - March 2021*
